Optical Fiber and Cable Solutions for Aerospace & Defense

With more than 30 years of experience manufacturing fiber optic products for the aerospace and defense markets, OFS is proud to offer a wide range of specialty solutions that meet stringent industry standards. We work to help ensure optimal quality, reliability, and safety to streamline and facilitate complex, sensitive operations.

Optical Fiber and Cable Solutions
for Aerospace & Defense

Fiber optic gyroscopes (FOGs) are critical tools in many different platforms; aircrafts, missiles, unmanned aerial vehicles (UAVs), and ground vehicles all require advanced optical fiber navigation technology to ensure reliability and safety. OFS manufactures an array of products for such applications.

**Navigation**

Fiber optic gyroscopes (FOGs) are critical tools in many different platforms; aircrafts, missiles, unmanned aerial vehicles (UAVs), and ground vehicles all require advanced optical fiber navigation technology to ensure reliability and safety. OFS manufactures an array of products for such applications.

**APPLICATIONS:**
- Fiber Optic Gyroscopes
OFS offers a broad line of high-performance fiber laser components such as all-fiber combiners, gain modules, and cavities for high-power lasers and amplifiers.
