Product Description

The SlimBox 4-Drop Port Indoor/Outdoor Enclosure is an excellent choice as an external demarcation closure, featuring dual functionality as either splice or connector housing.

Designing to resemble other typical wall outlets in a home, it is compact and inconspicuous enough to satisfy the most discriminating homeowner, while protecting the valuable network splice sleeves and/or connectors inside. The SlimBox 4-Drop Port Indoor/Outdoor Enclosure can be used for a wide variety of outdoor or indoor applications including Fiber-to-the-Home (FTTH) and Fiber-to-the-Business (FTTB) applications.
